

To whom it may concern,

I have known Sam Oen since May 2019 during which time he has reported directly to me in the capacity of an Android Engineer at MyFiziq limited.

During his employment Sam has shown himself to be a very capable developer. His work is always carefully considered and of a high standard. He has the ability to work either independently, or within a team. He is always punctual in his attendance and respectful of his peers.

Notwithstanding the above the best endorsement I can give is that I would rehire Sam should I be presented with the opportunity in the future.

We will miss Sam on both a personal and professional level and I wish him the best of luck in his future role.

Should you require any additional or specific information above and beyond please let me know.

Regards,

Terence Stupple • CTO
